(2)

Copy of letter dated the 10th May 1916, from Mr. M. Ramachandra Rao Sindia, Contractor and Merchant, Bangalore City, to the Secretary to the Industries and Commerce Committee.

You know that I have made all arrangements to start a Bone Mill.- I have the disintegrator and the electric motor ready. But I do not ~~what~~ know where to locate the factory. The Government is talking of an Industrial Suburbs for the last 2 years and I do not know when they will do it. May I request you to kindly show me a place where I can pitch my factory. If the Conference cannot do it I should like to be informed immediately so that I can make some other arrangements.

Excuse trouble.

Bangalore, dated

FROM

K. Subba Rao Esq., B.A.,
~~C. RANGANATHA RAO SAHIB, Esqre, B.A., B.L.,~~
Secretary, Industries & Commerce Committee,
~~Krangwood~~ High Ground, BANGALORE.

21 NOV 1916

To

P.G.D'Souza Esq., B.A.,B.L.,
Secretary to the Government of Mysore,
Departments of Education and Agriculture.

SIR,

With reference to your letter No. 7322/ A&I 94-15 dated the 19th June 1916 and subsequnnt reminders, regarding the extent of land required by Mr.Ramachandra Rao Scindia for the location of a bono-meal factory at Bangalore, I have the honour to forward herewith copy of a letter dated the 10th July 1916 from Mr.Ramachandra Rao Scindia on the subject as well as a copy of the Deputy Commissioner's letter No. C.40 of the 6th September 1916 to the Secretary to the Conference for-warding his opinion thereon.

2. Mr.Scindia states that the land selected by him is Government land, opposite to Messrs. Rickie and Co., and requests it may be granted to him at a nominal price. The Deputy Commissioner has raised two issues, namely, (1) whether the disposal of the application of Mr.Ramachandra Rao Scindia should be deferred until the question of the location of the Industrial Suburb and the tenure on which the sites are to be given is settled or whether it can be disposed of independently at once and (2) whether it is desirable to consult the Director of Industries and the Sanitary Commissioner, as the establishment of a bone-meal factory may prove an intolerable nuisance on account of its offensive smell and the gathering of kites, vultures etc.

I have the honour to be, Sir,
Your most obedient servant

K Subba Rao

Secretary.

(5

Letter of the 10th July 1916, from Mr. Ramachandra Rao Sindia.

Referring to your letter dated 4th instant and the docket No. 7322/A.&.I. from the Secretary to Government addressed to you, I beg to say that I understand that my proposed bone factory has to be located in the Industrial Suburb and hence my prayer to Government to give me a place in the Magadi road where, I suppose, the Industrial Suburb will be located.

I have submitted my plan for the building and my requirements to the Deputy Commissioner who does not seem to have settled the question as yet. I have spotted some Government land opposite to Messrs. Rickie and Co in the Magadi road and this place will do for me. It is a Government land and I pray Government will charge me a nominal value, as it is for an Industrial purpose.

Pray for an early disposal of the case.

Letter No. @ C. 40/6-9-16 from the Deputy Commissioner, Bangalore District to the Secretary to the ~~Government~~ Economic Conference, Bangalore.

With reference to your letter No. 861 dated the 14th August 1916, regarding the grant of a site for the location of a bone-meal factory proposed to be started by Mr. Ramachandra Rao Sindia, I have the honour to state that I inspected on the 28th August 1916 with Mr. Ramachandra Rao Sindia, the site required by him for bone-meal factory. It is no doubt Government land having been acquired long ago in 1898 for the location of an epidemic camp shed for jail prisoners and not being required for the purpose now. But instead of being very close to the locality selected for the Industrial Suburb as stated in your letter; it is as a matter of fact actually included in the area of the proposed Industrial Suburb as,

(6

will be seen from the enclosed copy of the sketch. It is therefore a matter for consideration whether, in the circumstances the disposal of the present application should be deferred until question of the location of the Industrial Suburb and the tenure on which the sites in the Suburb are to be given out to applicants are settled or whether it should be disposed of independently at once.

If it is decided to dispose of the application at once without waiting for a settlement of the question of the formation of Industrial Suburb the next point for consideration will be whether the location of the bone-factory on the site applied for will not be a source of nuisance to and will not injuriously affect the residents of the Basavangudi Palya living close by. There are 40 or 50 houses in this Palya and its inhabitants represent that the establishment of a bone factory in close proximity to their village will be an intolerable nuisance to them-both on account of its offensive smell and also of the gathering of kites, vultures and other birds of prey which it must necessarily ~~xxxxx~~ attract. This is a point for consideration and I think it desirable to obtain the opinion of the Director of Industries and Sanitary Commissioner in the matter before passing orders on the application.

On receipt of orders of the Government on the above points further action will be taken in the matter.

C O P I E S.

Secretary, Industries and Commerce Committee.

Immediate.

(8

Letter [illegible] dated the 2nd January 1917 from the Director of Industries and Commerce to the Secretary to the Mysore Economic Conference.

No.nil

As desired in your letter dated nil of December last, I inspected the site for the proposed location of the bone-meal factory in company with the Hon.President of the Bangalore City Municipality and the Sanitary Commissioner this morning and we have come to the conclusion that the site selected may be handed over to Mr. Ramachendra Rao Sindhe.

In this connection I request you will kindly place before the Dewan the following proposal and obtain his orders at a very early date and communicate the same to me so that I may take action in the matter without delay.

One of the functions of this department is the undertaking of the several Industrial experiments and yet no suitable site for the location of the buildings, etc. has been selected. The Hon.President and the Sanitary Commissioner whom I consulted in the matter are of opinion that the site of the present Epidemic Hospital at Bangalore is the ideal place for the same. They also informed me that the scheme for the formation of the Industrial suburb contemplates the removal of the hospital to another site and that the present buildings have already been condemned and separate proposals for its location elsewhere are under consideration. They therefore think that no better use can be immediately found for this site and that if the Industries department start work here it will give much impetus to the development of the industrial suburb. In fact the idea of - - making this site the headquarters of the several industries seems to be so appropriate that Mr.Puttanna Chetty is quite enthusiastic about it.

If this proposal is agreeable to the Dewan, I shall in communication with the Hon. President and the Senior Surgeon arrange to locate the button factory, soap factory and the wood distillation plant here. The - - Senior Surgeon is also prepared to place at my disposal immediately 2 or 3 buildings for which he has no use whatever and in them the button factory for which the plant has arrived, can conveniently be located. This requires immediate settlement as there is no accommodation for the button factory and as the expert has no work now. When this is done I shall be able to submit to Government for their formal sanction a detailed scheme. The enclosures are herewith returned.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read:-

Letter No.3153 dated the 6th January 1917 from the Secretary to the Economic Conference forwarding copies of the correspondence with the Director of Industries and Commerce regarding the grant of a site to Mr. Ramachendra Rao Sindhe for locating a bone meal factory on the Magadi road and requesting sanction for the grant of the site selected on such terms as may be fixed by the President of the Municipality in consultation with the Deputy Commissioner, Bangalore District.

Order No. 5639-43/Ad.G 94-15-5

Dated, 22nd January 1917.

Govt are pleased to sanction the grant, to Mr. Ramachendra Rao Sindhe for the purpose of erecting a bone meal factory, of the site selected by the Director of Industries and Commerce, the President, Muncipal Council, Bangalore City and the Sanitary Commissioner, and shown in the sketch referred to in the correspondence read above. The price to be paid by him may be fixed by the Honorary President, in consultation with the Deputy Commissioner, Bangalore District.

2. The grant of the site will be subject to the conditions that may hereafter be imposed on factories within the area of the Industrial suburb after its formation.

3. The Secretary to the Mysore Economic Conference is requested to forward to Government for record a copy of the map showing the extent and situation of the site allotted.
